

CPSC 362 – Assignment
Project Part 2
Due Date: 11/08/2017

Group Name:

Group Members:

Submit your Second Sprint (Iteration) Documentation :

Revise the content of your 1st document and/or add to it:

1. A Cover Page: Project Title, team title, names of all (only participating) members, submission date, course title, instructor name, etc.
2. Revision History (Changes made to your document since 1st iteration)
3. Table of Contents (titles and page numbers)

4. Explain how did your team work on Pre-game Planning for the 2nd sprint, consider the feedback you got and write one paragraph about the plan for this phase.

5. Use-case (textual) - descriptions for each requirement (5 more functional Requirements)

6. One Use-case diagram (including use-cases from 1st and 2nd sprint, no extra for the next iteration)

7. Explain how your team worked on staging or grooming by identifying more requirements and prioritize them for the 2nd iteration. Write one paragraph.

8. User Stories (additional and new 5 user stories)

9. Sprint Backlog Screen shots of your Trello Kanban-Board **or** if you have not used Trello take photos of your papers and add them to your WORD file.

10. Class Diagrams (To be discussed)

11. CRC cards (To be discussed)

12. User manual – Screen shots of your working product with explanation on How to use your system (*Step by step screenshot for each user story*)

13. References (if any)

***No copy or cut & paste from other sources is allowed for this Project report. This report must be 100% unique (e.g. no copy of diagrams from other sources). All members will be responsible for any plagiarism.

***Submit your document on TITANium through the link.
